

Coatex in Turkcoat magazine: Discover two new technical articles

TURKCOAT is the reference magazine for the Turkish market of Paints and Coatings. As leader in rheological solutions, Coatex released two articles in the last Turkcoat issues to introduce its latest polyurethane thickeners solutions.

Coapur™ range is a wide and compatible range of polyurethane thickeners from very Newtonian to pseudoplastic profiles. XS grades focus on tinting steps.

Great application benefits:

- Flow and leveling
- Water resistance
- Non-ionic thickeners
- Less pH dependence
- Hydrophobicity

Coapur™ product range pushing the limits further beyond.

Coapur™ 3320: New Highly efficient Nonionic associative thickener for high quality coatings
